Welcome to Mertex Canada

Mertex Canada has been operating in Western Canada since 2010. We are a leading provider of oil country tubular goods, as well as energy sector procurement and supply chain solutions.

We operate under three simple but vital principles: quality, reliability and integrity. We customize our products and services to meet your needs. We pride ourselves on creating professional partnerships and work to earn every order, consistently delivering dependable products and solutions.

Our mission is to become the foremost trusted and distinguished distributor of premium products and services for the energy sector. We take pride in providing services in Western Canada, with over \$100 million in sales to date. Our focus and commitment is to provide you with optimal inventory planning and management.

Thank you for your interest in Mertex Canada, our products and our energy sector solutions!

Our Global Strength

Mertex UK

Mertex UK Limited is a privately owned company, registered in England and Wales. Together with its associates, Mertex UK is a leading, diversified, natural resources group with renowned activity in the trading of metals and OCTG.

Serco France

Serco France is a company with nearly 15 years of experience in oilfield services. The core business is the production of connections for oil and gas well applications, as a transformer of tubular goods.

European Mills

Drawing on our global team, we procure steel from highly-regarded European mills, located primarily in Austria, Germany and Spain.

World Markets

Our global network operates throughout the world, including: Algeria, Angola, Canada, Ecuador, Egypt, Gabon, Germany, India, Kuwait, Libya, Netherlands, Nigeria, Oman, Qatar, Saudi Arabia, Syria, Tunisia, Turkey, United Kingdom, United States of America and Yemen.

Our Guiding Principles: Quality, Reliability & Integrity

Quality

We are dedicated to providing products that are manufactured and controlled by highly-trained personnel and produced under the best quality standards, in a convenient and timely manner.

Reliability

We take great care in selecting top-notch mills from which we procure our products. Our relationship with Serco France for OCTG finishing provides reliable access to high-quality products that we confidently endorse.

Integrity

Each member of the Mertex team is charged with maintaining the highest level of professional standards and exhibiting service as our number one priority. Our account teams go beyond simply selling to ensure they are with you every step of the process.
